London May 26. 1845

My Dear Mrs. Chapman,

The return of Mr. Barney (of
Kentucky) to the U. S., affords me the
opportunity of sending a small packet, &
I have therefore very hastily put together
a few trifles, which I beg you to receive
as tokens of affectionate remembrance.

Miss Hilditch and her sister (who
are my guests) and myself, are making
some purchases at the Anti-Corn Law
Bazaar, for the purpose of sending a

Contribution to the Dept Boston A. S. Fair
Elizabeth Plase is I believe doing the
same; so that I hope our joint en-
deavors will result in something worthy
your acceptance.

The Bazaar now holding for the benefit
of the League fund will yield about
£20,000 - a large sum - but of less value
than the moral effect upon the popu-
lation. The crowds that have been spec-
tators have been overwhelmingly great

My dear Ann sends her kindest
love. She is taken up in rearing our
Sixth Child a sweet little girl now

Heaven looks ~~old~~ old.

Since I returned from India,
my time has been taken up by
Indian questions in which I am
interested. I am still very busy, but
I look forward to the time when
I shall be able to take a trip to
Boston, and see my dear friends
there. My kindest remembrances to
all your family, and every one
of my old friends. Still steadfast
to the true Cause.

Yours very affly
Geo Thompson
